

Mission of the Month

August 2019

Lutherans Restoring Creation

Lutherans Restoring Creation (“LRC”) has arisen out of a long Lutheran tradition of reflection and action on addressing environmental concerns from the perspective of our faith and theology. Lutherans Restoring Creation exists to *inform, encourage, and uplift the discipleship practice of caring for the environment* throughout the Evangelical Lutheran Church in America. This is accomplished by cultivating a network of dedicated stewards of earth and neighbor who proclaim God’s promise of hope and healing for all. Lutherans Restoring Creation is a grassroots movement of Lutherans, driven by laity, pastors, lay professionals, synodical leadership, and others who hold positions in the ELCA and its institutions. LRC works to provide a variety of initiatives, suggestions, resources, and networking opportunities to empower institutions of the ELCA to move forward in creation care. To learn more, visit:
